

Bushmaster Tech Sheet

BUSHMASTER V-MATCH RIFLE & CARBINE

The distinctive V-Match Models feature "flat-top" Upper Receivers and Tubular Free-Floating Forends – a great choice for the competitive shooter or varmint hunter...

20" Bbl. V-Match Rifle (Part # PCWVMS 20AH)
with **24" Bbl.** (Part # PCWVMS 24AH)

16" Bbl. V-Match Carbine (Part # PCWVMS 16)

Iron Sight Options for the V-Match Models include the A3 Type Removable Carry Handle (Part # 9349063-9) which features 1/2 M.o.A. Rear Sight, and the Bushmaster Modular Accessories System V-Match Front Flip Sight (Part # YHM-9360K). See www.bushmaster.com for other options or consult Bushmaster Sales.

- 16", 20", and 24", Heavy Profile, Match Grade, Chrome-lined Barrels deliver consistent, match winning accuracy and long life.
- Tubular Aluminum V-Match Knurled Handguard lets the Barrel "free-float" from the Barrel Nut forward for optimum accuracy.
- Barrels, and other exposed steel components, are Manganese Phosphate coated for complete protection against exterior corrosion and rust.
- Upper and Lower Receivers are forged from 7075T6 Aircraft Aluminum, machined to include all M16A2 design improvements, and Hard Anodize finished to a mil. spec. dark gray.
- The Upper Receiver's precision machined Picatinny rail allows mounting of a wide variety of scopes, sights, and optics. The inside of the Upper features a baked on dry-lube coating for long life and durability.
- V-Match Rifles and Carbines are shipped in a Hard Plastic, Lockable Storage Case complete with Black Web Sling, Orange Safety Block, 30 Round Magazine, Operating and Safety Instruction Manual
- One Year Bushmaster Warranty.
- V-Match Rifles and Carbines, as well as many other Bushmaster models, are optionally available with fluted barrels at \$50 additional. Part Numbers for V-Match models become: PCWVMS 20FAH / PCWVMS 24FAH / PCWVMS 16F)
