

Bushmaster Tech Sheet

BUSHMASTER VARMINT RIFLES

Built around our DCM competition barrel, the Bushmaster Varminter Rifle includes all the specialized features for the varmint specialist...

Bushmaster Varminter Rifle (Part # PCWVMS 24FVAR9)

VARMINTER

Feature	Specification [Metric in brackets]
Caliber	5.56mm or .223 Rem.
Operation	Gas Operated / Semi-Automatic
Magazine Capacity	5 Rounds (accepts all M16 / AR15 type)
Overall Length	42.25" [107.3 cm]
Barrel Length	24" [60.9 cm]
Rifling	1 turn in 9" [22.8 cm] R.H. Twist / 6 grooves & lands
Weight w/o Magazine	8.4 lbs. [3.81 kg]

- Designed around our DCM Competition Barrel, in a 24" Fluted, Extra Heavy Profile – machined to SAAMI specification tolerances of 4150 ChromeMoly Vanadium steel. Full length fluting reduces weight and increases barrel cooling. Barrel is a full 1" diameter under the Forend, and has an 11° Competition Crowned Muzzle.

- Bushmaster Two Stage Competition Trigger with 3.5 lb. pull 1st stage and 1 lb. let-off (2nd stage)
- A Vented Aluminum Tubular Forend "free-floats" the Barrel from the Receiver forward for optimum accuracy – 12 cooling vents in the Forend increase barrel heat dissipation.
- A Bipod Stud has been installed on the Forend for easy mounting of most bipods or a sling swivel.
- Ambidextrous, Ergonomically Designed Pistol Grip is included with a rubberized, non-slip textured surface.
- Mini-risers are mounted on the "Flat-top" Upper Receiver to raise mounted scopes ½" for a correct sight picture and comfortable cheekweld on the stock.
- Shipped in a Hard Plastic, Lockable Storage Case complete with Black Web Sling, Orange Safety Block, 5 Round Magazine, Operating and Safety Instruction Manual.
- One Year Bushmaster Warranty

With a 24" Stainless Steel Barrel, the Varmint Special brings Bushmaster accuracy to a new platform for the varmint hunter...

Bushmaster Stainless Steel Varmint Special (Part # PCWVMS 24-9SS)
