

Barrel Assemblies

Precision-crafted, modular design. Bushmaster upper receiver/barrel assemblies.

- Infinite configuration possibilities – the versatile Bushmaster modular AR Platform
- Barreled upper receivers can be used on existing AR rifle or carbine lower units
- All receivers (except carbines) feature integral brass deflectors and hard anodized finish
- Each assembly is factory headspaced, test-fired and ready to use
- Bushmaster Chrome-Moly Vanadium steel barrels feature hard chrome lining in both bore and chamber to ensure extended barrel life
- Optional stainless steel barrels offer exceptional durability and weather resistance

.450 Caliber Upper Assembly.

- Add the hard-hitting punch of the 450 Bushmaster to your Bushmaster lower receiver instantly
- AR-type gas operating system drastically reduces recoil for excellent second shot control
- Aluminum forearm free-floats the barrel optimum accuracy
- Heavy barrel is hard-chrome lined in bore and chamber for exceptional durability, and features 1 in 24" twist rifling, optimized for the .450 bullet
- Includes 5-round .450 Specific magazine

20" Rifle (BURVMB 20-45)
 16" Carbine (BURVMB 16-45)

6.8mm SPC Caliber Upper Assembly.

- Get the added power and improved terminal energy of a .270 cal.
- 6.8mm SPC (Special Purpose Cartridge) was specifically developed for military applications and is now available commercially
- Velocity averages 2600 FPS with 115 gr. bullets
- The 6.8 mm SPC was specially adapted to fit the AR15 type magazine
- 16" M4 profile barrel is fitted with "Izzy" muzzle brake
- 26-round magazine included

16" A3 Carbine (BURA3B 16M468)
 16" A2 Carbine (BURA2B 16M468)

5.56mm/.223 Caliber Gas Piston Upper Assembly.

- Bushmaster Gas Piston system offers improved reliability and control to the already reliable "AR" type rifle platform
- Eliminates carbon build up, gas leaks and heat within the upper receiver
- Requires less gas pressure to operate – functions with a wider range of ammunition with reduced recoil
- Includes A3 Handle on "Flat-Top" Upper, or Solid Handle on A2 version
- B.M.A.S. Flip-up Front Sight and Birdcage Suppressor on both

A3 (BURA3B 16M4-GP)
 A2 (BURA2B 16M4-GP)

16" M4 Patrolman's Carbine Upper Receiver/Barrel Assembly.

- Similar to our M4 Type Carbines, but with additional barrel length (16") to make them legal for sale to individual officers
- Forged, lightweight 7075T6 aircraft-quality aluminum receivers incorporate all M16A2 design improvements including cartridge case deflector
- Available in both A3 and A2 versions, with or without bolt, carrier, and charging handle
- Now available in .223 and 7.62x39mm **NEW**

A3 (BURA3B 16M4)
 A3 (w/o Bolt, Carrier, Charging Handle) (BURA3 16M4)
 A2 (BURA2B 16M4)
 A2 (w/o Bolt, Carrier, Charging Handle) (BURA2 16M4)

16" Heavy Carbine Upper Receiver/Barrel Assembly.

- 16" Bbl. Carbines offer compact size, balanced swing weight, and great accuracy called for in many tactical situations
- Standard issue for many Law Enforcement and Military units
- Available in both A3 and A2 versions, with or without bolt, carrier, and charging handle

A3 (BURA3B 16)
 A3 (w/o Bolt, Carrier, Charging Handle) (BURA3 16)
 A2 (BURA2B 16)
 A2 (w/o Bolt, Carrier, Charging Handle) (BURA2 16)
